

## **Job Profile**

<b>Title:</b>	General Practitioner
<b>Reports to:</b>	Chief Medical and Operating Officer
<b>Direct Reports:</b>	2
<b>Status:</b>	Consultancy
<b>Duty Station:</b>	Kigali, Rwanda

## **About the Company**

EDPU Africa headquartered in Kigali, Rwanda is a semi-independent branch of AM EDPU Technologies headquartered in Mol, Belgium. EDPU Africa will operate a preventive platform locally with a focus on inclusive and affordable early detection and prevention of non-communicable diseases. The EDPU technology offers the possibility to complete a comprehensive preventive healthcare file including all exams and to receive treatments recommendations in one run increasing thereby the comfort for the patient and thus the compliance of the patient towards preventive healthcare. In addition, EDPU, which is a 'plug & play' unit, is easily adaptable to any space in a care provider facility fostering a full integration of patients care across health posts, health centers, clinics and hospitals (if applicable) and can be fully operated by a trained nurse to decrease economic burden considerably. The mobile version of the unit enables reaching rural areas or specific locations with dense risk categories.

## **About the Role**

To spearhead the cohesive deployment at the EDPU solution within health centers and district hospitals. Leading a diverse team of 2 professionals, and in collaboration with a variety of Internal and external contacts, across multiple geographical and cultural lines, the GP will embrace the challenge of contributing to the smooth deployment of the EDPU technology across the health care system in Rwanda.
